

## TEMPERATURE TAKES APPRECIATED TUMBLE

Tuesday's Weather in Salt Lake Ideal in Every Respect.

### TUESDAY'S RECORD.

Maximum temperature, 71 degrees.  
Relative humidity at 6 p. m., 29 per cent.  
Forecast: Wednesday, local showers and warmer.

There was a big fall in the temperature Tuesday, the mean falling to 14 degrees below the normal. Today, however, Dr. Hyatt says it will warm up again. He also forecasts showers.

Tuesday's meteorological record at the station of the United States weather bureau for the twenty-four hours ending 6 p. m. was as follows:  
Temperature at 6 p. m., 69 degrees; minimum temperature, 51 degrees; maximum temperature, 71 degrees; mean temperature, 64 degrees, which is 14 degrees below normal.  
Total deficiency of temperature since the first of the month, 24 degrees.  
Total excess of temperature since January 1, 115 degrees.  
Precipitation at 6 p. m., .05 of an inch. Total precipitation since the first of the month, .15 of an inch, which is .25 of an inch above normal.  
Total excess of precipitation since January 1, 2.10 inches.  
Relative humidity at 6 p. m., 29 per cent.

## UNITED STATES SUES TO RECOVER LAND

A complaint was filed in the federal court Tuesday, in which the United States government is plaintiff and the Wasatch Water company is defendant. The action is brought for the forfeiture of the government of a large tract of land in Utah because of the company's failure to carry out its obligations. In December, 1892, the Wasatch company, which is a Chicago concern, was granted the land by the government on such terms, conditions and covenants as were set forth in the company's charter. The company has failed to do this, and the government asks that the land revert to it with a clear title.

## TEN THOUSAND FLAGS TO BE GIVEN AWAY

What home is there in Salt Lake that is not to be found unprovided with a flag? Hand some American pennant waving over the home, to greet the returning veterans that will pay a visit to our beautiful city during the A. R. encampment in the next couple of weeks.

There are hundreds of homes without flags of the larger size. Realizing this fact and the importance of the occasion, we have purposely secured an additional lot of 10,000 more flags, handsome American emblems to be given away.

These flags are of the very best material obtainable. Neatly stitched, substantially constructed with view to durability. The kind with snap eyelets for anchors.

The colors are GUARANTEED ABOLUTELY FAST. The size of the flags is 2 1/2 x 4 feet. They are to be given away under the following conditions: Just secure us a subscriber for The Tribune for two months and we will give both you and a subscriber one of these flags.

A still better proposition is offered: Give us a subscriber to The Tribune for 6 months and we will present both you and the subscriber with an immense beauty, measuring 5x8 feet. For further particulars, call or phone W. M. GRAVE, Mgr. of Circulation, Salt Lake Tribune Office, 21 Main street.

## AN ITCHING PALM.

No Cure for It. Other Forms of Itching Preferable.

There is no cure for an itching palm—the money kind. Even possum, the new skin discovery, cannot help it. But when it comes to eczema, the most annoying of itching skin troubles, possum will stop the itching at once and cure the worst cases in a few days. So with hives, rash, scabies, split toes, piles, and scaly scalp, all of which are different forms of eczema, accompanied by severe itching and caused by imperfect digestion and careless diet.

Possum comes in two-dollar jars, but fifty cents' worth will answer in curing any of the diseases mentioned. It can be had of any druggist. The F. J. Hill Drug Co. makes a specialty of it. That results are immediate will be amply demonstrated overnight by the use of the experimental sample which the Emergency Laboratories, 32 West Twenty-fifth street, New York City, will send free by mail, in plain wrapper, to any one who will write for it.

## RINGLING BROTHERS' BIG CIRCUS IS A MAZE OF GREAT ACTS

The best-dressed, the neatest and the most novel acrobatic act ever imported is that of the Manello-Marnitz family, which is one of the features with Ringling Brothers' circus this season. This act was one of the hits of the Madison Square garden engagement. Others among acrobats on this season's bill are the Pacheco family, the Prosser Trio, the three Burtons, the Corrells, the Livingstones, the Mardo Trio, the Montrose Troupe, the Bedford family and the famous Lorch family.

Principal among the riders are Emma Stuckney, Daisy Hodgins, Josephine Clark, Lulu Davenport, Maude Wulff, Eveline Francisco, Miss Agie, Florence Harris, Miss Bell, the Three Duttons, the Clark brothers, the McCrees, the Hobsons, John Agie, Jack Foley, and Frank Schadel. The principal acrobats are the Flying Jordans, the Clarkonians, the Wards, the Millettes, the Alvarezs, the Three Melles, the Aerial Smiths, De Marlo, the Shaws and Mijanz.

The two Jackson troupes of bicyclists, Kerslake and his barnyard theater and a few hundred more distinguished performers make up this year's company. Lack of space forbids a fuller account of the performers, while even a brief description of the many striking acts is out of the question. Suffice it to say that it is Ringling Brothers' circus, which is the strongest recommendation it can possibly have until it is seen.

The sensational features are the Schumann horses, the Arthur Saxon trio of strong men, Robidello the wire-dancing wizard, the telephoning elephants and the double somersaulting automobile

### Chamberlain's Colic, Cholera and Diarrhoea Remedy the Best and Surest

"It affords me pleasure to state that I consider the preparation known as Chamberlain's Colic, Cholera and Diarrhoea Remedy the best and surest of good results of any I have ever used in my family," says P. E. Herrington, of Mount Aerial, Ky. This is the universal verdict of all who use this remedy. Its cures are so prompt and effective that people take pleasure in recommending it. # ASHTON! ASHTON! ASHTON!

## Sale of Lots at Ashton, Idaho, Tuesday, Aug. 3rd

"One Good Investment Is Worth a Lifetime of Toil."

ASHTON is a growing town. It already has a population of nearly 1000 people.

ASHTON is located in the center of 300,000 acres of the finest grain land in the West.

ASHTON has a magnificent three-story brick school building, a \$10,000 waterworks system owned by the city; an up-to-date, modern hotel; more elevators than any other city in southern Idaho, also a first-class telephone system.

ASHTON is on the new Park Division of the O. S. L., 102 miles northeast of Pocatello, 56 miles from Yellowstone Park.

ASHTON has unlimited water power, excellent school facilities, exceptionally healthful climate, has tributary to it the only body of commercial coal in the State, is the distributing point for the Teton Basin and Jackson Hole countries. Our booklet tells about the other things that are making Ashton one of the best towns in Idaho. Write for booklet to
